Health workers are the heart of healthcare.

But the coalition Government are freezing hiring, slashing budgets, making health workers redundant, and standing back while staffing levels get even more unsafe. Their raft of anti-Te Tiriti policies try to push back progress - including disestablishing Te Aka Whai Ora.

It's time to step up our response. Join us at Fight Back Together Maranga Ake!

Members from almost every union are coming together at mass hui. We'll send a clear message: **we stand for workers' rights, Te Tiriti o Waitangi, and public & community services for all.**

Octagon – Upper, 12-1pm Wednesday 23 October

Put Oct 23 in your diary and tell friends, workmates and whānau.
