**The heart of public and community service is care for people and our planet. We come to work to make a difference.**

But the Coalition Government has made unprecedented attacks on our members and services – thousands of redundancies, undermining Te Tiriti, scrapping Fair Pay Agreements, 90-day trials brought back, and freezing our health system.

**It's time to step up our response.  
Join us at Fight Back Together  
Maranga Ake!**

Members from almost every union are coming together at mass hui. We'll send a clear message: **we stand for workers' rights, Te Tiriti o Waitangi, and public & community services for all.**

**Garden Place, 12-1pm  
Wednesday 23 October**

Put Oct 23 in your diary and tell friends, workmates and whānau.
